

The background is a complex abstract artwork. A large white circle is the central focus, containing several distinct elements: a red triangle with a white band and green dots; a yellow and red shape; a green and red shape; a red and white striped shape; and a red and white shape with two red dots. The circle is surrounded by dark, textured areas and other colorful shapes like a green triangle and a red and white shape with two red dots. The overall style is expressive and colorful.
